Our street - Rubinstein street

Rubinstein Street, where ProBa Language Centre situates, is located in the heart of Saint-Petersburg, near Nevsky Prospect – the main street of our city. This street was named after Anton Rubinstein, composer and Tchaikovsky's mentor. Rubinstein Street is the city's "dining heaven." There is a restaurant, café, bar, or pub in almost every one of the 60 buildings along this compact street.

More than century ago, this street was a place, where many famous Russian writers and poets like Brodsky and Dovlatov, and, of course, many underground rock-stars crossed paths.

The most famous building is the "Tolstoy House". It belonged to count Mikhail Tolstoy, distant relative of Leo Tolstoy – the greatest Russian writer. An interesting fact: a prototype of one of the Russian literature's extravagant and mysterious characters.

In the early 1980s, there was an increasing number of the young rock musicians on the street, so in 1981 was opened the first Russian official rock club at Rubinstein 13. It was the only place, where musicians could play rock music legally. This rock club helped to start careers of the bands like "Kino", whose songs are still popular to these days.

Today Rubinstein Street is one of the most packed streets of Saint Petersburg especially at the evening. There are more than 50 restaurants and bars are located along the short Rubinstein Street. Every bar is trying to attract people by its own style. So, Rubinstein Street is one of the places that you definitely should visit in Saint Petersburg

Our preparatory courses are open year-round.

Shared Student Flat

The ProBa Language School offers students the opportunity to live with other students of various nationalities while studying. In this way the shared flats are established where students have the opportunity live and interact with other cultures.

All shared flats are located in the city-centre, walking distance from the school, fully equipped and, in addition to bedrooms, provide a dining area, a fully equipped kitchen and at least one bathroom.

The apartments are normally shared by 2-3 students. Every student get single room. Taxes are included in the accommodation fee.

The school proposes discounts for long-term stay. Please reserve in advance!

We have a list of carefully chosen Russian host families in St. Petersburg working for our school. All rooms are personally checked by staff and must meet strict criteria before being included in our database. Each participant is accommodated in a single room having all the necessary conditions for rest and study.

Twin and Double Rooms are available on request. There are telephones with international access in all the apartments. The price for accommodation includes two meals - breakfast and dinner.

All our host families have apartments in the center and in the neighbourhood to a metro (underground) station.

Accommodation with a Russian family is integral part of the language learning experience. This is the most suitable variant for those who are willing to understand spoken Russian perfectly as members of the families know usually a little of a foreign language.

All rooms are single. By special arrangement we can also provide twin or double room. You will have access to the communal parts of the house or flat. You will also be given your own front door key. All our homestays are conveniently located in the city-centre.

The hosts are Russian native speakers and you will be expected to speak in Russian in the family home. Hosts also reflect the diverse nature of the population of St. Petersburg and you can for example select a host with or without children, or a retired host, who may have more time on their hands to interact with you.

We recommend accommodation in the host family with two meals/day, because otherwise you should lose your time every evening to find appropriate cafe. Here is just one kitchen-dining room in Russian apartments, and it is an inconvenient situation when the host family will have dinner but you should wait in your room and then prepare something for yourself.

Also Russian women usually are not really happy when somebody uses the family kitchen and manages a household.

So half board is always included in the homestay and you're welcome to the evening dinner together with other members of the host family.

Registration and taxes are included in all accommodation types offered by the school.

All rooms are single. But we can also provide our students with twin or double room upon request.

The participants also have the possibility of living in a Students' Hostel which is located in the centre of the city. We can accommodate our students in **double and single rooms**.

During the low season it is possible to be accommodated in double room for single use without any extra fee. Meals are not provided by the Hostel, but there are a lot of cafes on the Nevsky Prospect.

We recommend our Youth-hostel because of central location.

Living in the heart of the city you'll have more possibilities for rest and sightseeing tours.

All the rooms are clean and have necessary conditions for rest and study. The big kitchen, duce and WC are common in the block.

Participants should specify the preferred variant of accommodation in the enrollment form. We can not always accommodate a student according to his/her desire as in summer, for example, hotels and hostels sometimes have no vacant rooms. Please, inform us of your desire to live in a hotel or hostel as earlier as possible. We offer special conditions for the group.

Apartment for rent and Shared student flat

The school has the possibility to accommodate students in our shared flats as well as in the apartment for rent. All accommodations are located in the city-centre and not far from the school.

Our hostel. Double room

Our hostel. Reception.

Our shared flat

Too little time, but have been learning loads in this short time! Thanks! Your program fitted perfectly with my summer vacation plans. I'm really glad I came to do this course, the environment in this school is something completely different from my experience. Extremely friendly and personal atmosphere and great teachers. I might very well come back at some point!

Jonas Helseth, Norway

The process of studying the language in the country where its the native language is the most effective way to reach the desired level. The final result depends upon the level of knowledge a student had before and his/her desire to follow the teacher's instructions.

The knowledge of the ABC is welcomed but not necessary in our school.

You can start from the absolute "0". The process of education is arranged in the practical way for a student to use Russian in his/her everyday life - in the host family, during the excursions and just in the streets.

The most effective type of the course is our Individual Courses. Their program is designed depending on the student's personal wishes and desires. But our Mini-Group Courses also give great possibilities for mastering communication skills.

It takes approximately 200 guided learning hours for a language learner to progress from one level of the Common European Framework of Reference (CEFR) to the next.

For example, a candidate who has passed B2 First (previously known as Cambridge English: First), at level B2 on the CEFR, might need approximately 200 hours of lessons and supervised study to prepare for the C1 Advanced (previously known as Cambridge English: Advanced), which is aligned to level C1 on the CEFR.

For most international students, money is always a major concern as you need to pay for flights abroad, tuition and all the other many related expenses of living and studying in Russia. Luckily we are here to help with our Student Card which provides you with a student discount in our city. You can save a considerable amount (ex. visit to the Hermitage is free for our students).

All our students get the student card free of charge.

Cafeteria

The school offers tea, coffee and other drinks during the breaks free of charge. Those willing to have full lunch, we recommend to visit various cafes located in around the school. Moderate prices, a lot of young people and students. About 70 cafes and restaurants are located at Rubinshteina street, near Nevsky Prospect, where the school is located.
